#129 — Wellness Policy		1
1. Purpose	The Catasauqua Area School District is committed to providing school environments that promote and protect children’s health, well-being and ability to learn by supporting healthy eating and physical activity. The Board is committed to providing a school environment that promotes student wellness, proper nutrition, nutrition education and regular physical activity as part of the total learning experience. In a healthy school environment, students will learn about and participate in healthy dietary and lifestyle practices that can improve student achievement.	2 3 4 5 6 7 8 9 10 11
2. Authority 42 USC § 1758b, as added by the Healthy, Hunger- Free Kids Act of 2010, PL 111- 296, § 204; 7 CFR § 210.30	To ensure the health and well-being of all students, the Board establishes that the district shall provide to students: <ul style="list-style-type: none"> • Qualified child nutrition professionals who will provide students with access to a variety of affordable, nutritious foods to meet the health and nutrition needs of students; will accommodate the religious, ethnic, and cultural diversity of the student body in meal planning; and will provide clean and safe settings for students to eat. • Nutrition education and physical education courses and opportunities for developmentally appropriate physical activity during the day to foster lifelong habits of healthy eating and physical activity. 	12 13 14 15 16 17 18 19 20 21 22 23
3. Delegation of Responsibility 42 USC § 1758b(b)(5)(B); 7 CFR § 210.30(c)(4)	The Superintendent or designee shall be responsible to monitor district schools, programs and curriculum and shall be responsible for the implementation and oversight of this policy to ensure compliance with this policy, related policies and established guidelines.	24 25 26 27 28 29 30
7 CFR § 210.30(e)(1)	Each building principal or designee shall report to the Superintendent regarding compliance of his/her school. Staff members responsible for programs related to student wellness shall report to the Superintendent regarding the status of such programs.	31 32 33 34 35 36 37

The Superintendent shall annually report to the Board on the District’s compliance with law and policies related to student wellness. The report shall include:

- Assessment of school environment regarding student wellness issues.
- Evaluation of food services programs.
- Review of all foods and beverages sold in schools for compliance with established nutrition guidelines.
- Listing of activities and programs conducted to promote nutrition and physical activity.
- Recommendations for policy and/or program revisions.
- Feedback received from district staff, students, parents/guardians Community members and Wellness Committee.

An assurance that district guidelines for reimbursable meals are not less restrictive than regulations and guidelines issued for schools in accordance with federal law shall be provided annually by the:

- Food Service Director
- Superintendent

4. Guidelines

Wellness Committee

42 USC § 1758b(b)(3); 7 CFR § 210.12(e); 7 CFR § 210.30(c)(1), (5), (d)(1), (e)(3); 7 CFR § 220.7(h)

The School District will create and work within a Wellness Committee to develop, implement, monitor, periodically review and assess (at least once every three (3) years), and as necessary, recommend revisions and updates of school nutrition and physical activity policies, including this Wellness Policy, considering evidence-based strategies and techniques. At least once every three (3) years, the District shall update or modify this Policy as needed, considering the most recent triennial assessment and other factors. No such revisions or updates shall take effect until approved by the Board. The Committee will also serve as a resource to district school sites for implementing these policies. The Wellness Committee will consist of individuals representing the Board, school administrators, parents, school health professionals, teachers of physical education, Food Service Director, students, and the general public.

The Wellness Committee shall serve as an advisory committee regarding student health issues.

The Wellness Committee may survey parents/guardians and/or students; conduct community forums or focus groups; collaborate with appropriate community agencies and organizations; and engage in similar activities, within the budget established for these purposes.

7 CFR §
210.30(c)(1)

Nutrition Promotion and Education

The goal of nutrition promotion and education is to teach, encourage and support healthy eating by students. Promoting student health and nutrition enhances readiness for learning and increases student achievement.

Nutrition education will be provided within the sequential, comprehensive health education and Family and Consumer Science programs in accordance with State Board of Education curriculum regulations and the academic standards for Health, Safety, and Physical Education and Family and Consumer Science.

Nutrition education K-12 shall be age appropriate and provide all students with the knowledge and skills needed to lead healthy lives.

The nutrition curriculum shall be behavior focused K-12.

Nutrition education shall be integrated into other subjects including but not limited to mathematics, science and physical education to complement but not replace academic standards based on nutrition education for a total of at least 25 hours/year.

Lifelong lifestyle balance shall be reinforced by linking nutrition education and physical activity in grades K-12.

District staff shall cooperate with agencies and community organizations to provide opportunities for appropriate student projects related to nutrition where possible.

Nutrition education shall extend beyond the school environment by engaging and involving families and communities.

Physical Activity

7 CFR §
210.30(c)(1)

The Catasauqua Area School District shall strive to provide opportunities for developmentally appropriate physical activity during the school day for all students for at least 30 minutes daily.

Age appropriate physical activity opportunities, such as recess, before and after school; during lunch; clubs; intramurals; and interscholastic athletics, shall be provided to meet the needs of all students, in addition to planned physical education.

A physical and social environment that encourages safe and enjoyable activity for all students shall be maintained.

Extended periods of student inactivity, two (2) hours or more, shall be discouraged.

Physical activity breaks shall be provided for elementary students during classroom hours.

After school programs shall encourage and provide developmentally appropriate physical activity for participating children and shall be supervised by appropriately trained adults.

The Catasauqua Area School District shall partner with parents/guardians and community members to institute programs that support physical activity.

Physical activity shall not be used as a form of punishment.

The Catasauqua Area School District will strive to make its physical activity facilities available to community members outside of school hours to support programs that encourage student and adult wellness.

Physical Education

The Catasauqua Area School District will provide quality physical education instruction that promotes lifelong physical activity and provide instruction in the skills and knowledge necessary for lifelong participation.

Physical education classes shall be the means through which all students learn, practice and are assessed on developmentally appropriate skills and knowledge necessary for lifelong, health-enhancing physical activity.

A comprehensive physical education course of study that focuses on providing students the skills, knowledge and confidence to participate in lifelong, health-enhancing physical activity shall be implemented.

A sequential physical education curriculum consistent with the State Board of Education curriculum regulations and Health, Safety and Physical Education academic standards shall be developed and implemented.

Students shall be moderately to vigorously active as much time as possible during a physical education class. Documented medical conditions and disabilities shall be accommodated during class.

The Catasauqua Area School District shall provide safe and adequate equipment, facilities and resources for physical education courses.

		39 40 41	
		42 43 44	
		45 46 47	
		48 49	

To the extent possible, the Catasauqua Area School District shall utilize available funding and outside resources to enhance student wellness by developing partnerships with community agencies and members.

The Catasauqua Area School District will insure that food shall not be used in the district schools as a punishment.

The Catasauqua Area School District shall provide appropriate training to all staff on the components of this Wellness Policy at least yearly.

The Catasauqua Area School District will insure that Administration and all staff members consider the goals of this Wellness Policy when planning any school activity.

Fundraising projects submitted for approval must have considered healthy eating and student wellness.

The Catasauqua Area School District shall encourage the use of healthier foods or non-food items as choices for fundraisers and all activities where competitive foods (as defined below) are provided, even outside the school day, so that the District sends a consistent message that healthy eating is important.

There shall be no food or drink provided within the District to students during regularly scheduled breakfast or lunch periods by any entity other than the District’s Food Service Department, except for breakfasts and lunches provided by a student’s parent or guardian. This will ensure optimal participation in the regulated program available to District students and optimize availability of balanced meals during the school day.

Administrators, teachers, food service personnel, students, parents/guardians are encouraged to serve as positive role models through district programs, communications and outreach efforts.

The Catasauqua Area School District shall support the efforts of parents and guardians to provide a healthy diet and daily physical activity for students by communicating relevant information through various means.

Nutrition Guidelines

The Catasauqua Area School District shall insure that all foods available in the district schools shall be offered to students with consideration for promoting student health and reducing childhood obesity by meeting at least the minimum standards set forth within this policy and by the National School Lunch Program’s federal nutrition standards.
